Hi. A few notes on Ch 15:
1) I left out your additional reference to “strategic tasks” for submarines, because I assumed it referred to non-conventional weapons and that the censor would take it out anyway. But let me know if that’s not what it meant, and I’ll put it in.
2) generally, though I added all the material about Tze’elim, I still think, as a reader, that that section needs more work. But that can easily be done during the real editing and shortening process, which is the next stage.
3) Again just for planning purposes, can you give me a rough idea of when you’re likely to send me Ch 16?
Thanks and Shabbat Shalom
Ned
